## Testimonials:

### Claire and Peter's Wedding:

Stu was a fantastic host. Not only did he liaise with our wedding planner, Chefs and front of house Staff to help make the day run perfectly, he also coached my 13-year-old son to give a personal and moving speech, perfectly delivered, despite my son's nerves. Stu led the whole day with fabulously open-hearted joy, great organisation and an infectious charm that made it a beautifully special day. He seemed to know instinctively what people needed and provided it before the guests knew it themselves. Stu is the real deal.

### Andrea and Andy's Wedding:

We celebrated our wedding out in the open on the Ashdown Forest in West Sussex. It seemed a logistical nightmare to set up one location for the ceremony and then transfer everyone to another location for the party. Stu was instrumental in its success. He worked quietly and efficiently behind the scenes making sure everyone was well-catered for and when it came time for him to call the gathering to order Stu took control with charm, humble authority and great humour. His sense of ceremony set the tone for the whole day.

Stu would be delighted to be your Host/Master of Ceremonies and welcomes inquiries.
